

LABORATORY REQUEST

Contractor: _____
 Project/ object: _____
 (client)
 Location: _____
 (client)
 Request No: _____ Date: _____
 (laboratory) (laboratory)

Serial No.	Type of test	√	Quantity	Method-standard
1	Testing of soils and subsoil - determining the stiffness			method of circular plate MKC 1012 : 2015
2	Laboratory testing of soil-Determination of density			method of calibrated sand MKC 1004 : 2013
3	Testing fresh concrete -Part 1: Sampling			MKC EN 12350-1:2009
4	Testing fresh concrete-Part 2: Slump test			MKC EN 12350-2:2009
5	Testing concrete in structures - Part 1: Cores - sampling, testing and compression testing			MKC EN 12504-1:2009
6	Testing concrete in structures-Part 2: Non destructive testing –Determination of rebound number			MKC EN 12504-2:2013
7	Testing of embedded asphalt sampling - kernels			EN 12697-27
8	Bituminous mixtures –Test method for hot mix asphalt –Part 36: Determination of the thickness of a bituminous pavement			MKC EN 12697-36:2006
9	Bituminous mixtures - Determination of bulk density of bituminous specimens			MKC EN 12697-6:2006

* Please indicate the method which will be tested with √
